

## About us

"I Due Mondi" is a holiday farm located in upper Umbria near the wonderful medieval town of Montone, conveniently located a few kilometers from Gubbio, Perugia, Assisi and Lake Trasimeno. Set in an immense agricultural countryside surrounded by green hills, it stretches over a colourful area that changes with every season. The land includes vineyards, olive groves and farmland owned by the Urbani family.

"I Due Mondi" can be your chance to enjoy exclusive pockets of relaxation and get away from the frenzy of everyday life, ride a bike, walk along the beautiful paths, take a dip in the pool, or fish for Amour fish in our lake. Plus, you can spend pleasant evenings in the country enjoying the farm's natural foods, typically Umbrian, paired with the best regional wines.

"I Due Mondi" gives you the chance to spend your vacations in Umbria in a completely genuine rural setting within a certified organic holiday farm that has been fully operating for decades in the food farming sector. Over 175 hectares of grain producing land, vines for producing exclusive wine, lands for animal grazing, pasturelands, stalls for holding cattle, bulls, lamb, and pigs, and courtyards for chicken, rabbits, horses and a cute little pony for the kids.
